

Dear Tom,

We just want to say thank you for our fabulous new home! We put off having our dream home built because the process seemed so daunting, but you made it so smooth for us from start to finish. I still can't believe you took that little hand drawn design of mine and built THAT house! We were very impressed that from clearing the lot to moving in you were finished in less than 6 months. The crew was great. Friendly, professional and willing to take the time to walk us through when we were there, answer all our questions and follow through on the changes we requested. Your advice on layout, design and materials was invaluable and the changes you recommended to us made all the difference in the world in the finished product. Joey's woodworking is beautiful and it goes without saying the 3 season sun room is our favorite room in the house and we've certainly enjoyed our time on the walk out patio. Our friends who have visited or seen pictures have been very impressed and we've recommended your company to everyone who's asked. Pete has talked to friends you've done work for since and they all have good things to say! We love our new home and can't thank you enough.

Lori and Pete Lewis
